Sommario/riassunto

This excellent reference source brings together hard-to-find information on the eighty-three constituent units of the Russian Federation. The introduction examines the Russian Federation as a whole, focusing on the evolution of the relationship between the central state and the regions, followed by a chronology, demographic and economic statistics, and a review of the Federal Government. The second section comprises territorial surveys, with a chapter on each of Russia's federal subjects, each of which includes a current map. The third section comprises a select b
