Sommario/riassunto	Dmitri lives to protect the secret of the Dragon Kings from the human race. Bound by a bond stronger than blood to the Kings, Dmitri uses his strength and prowess to defend a thousand-year-old secret. But when an oh-so-sexy, slightly absentminded archaeologist wanders into his midst, Dmitri will have to give up his rules, and give in to desire . . . When Dr. Faith Reynold stumbles upon an ancient skeleton that
--------------------	---

appears to have come from a dragon, she's completely taken aback. A woman of science, there's no way in her mind that this mythological creature can exist. But when a devilishly handsome man named Dmitri intercepts her path to uncovering the truth, Faith's curiosity turns into all-consuming passion. She's never felt this way about any man before. But when Dmitri reveals his biggest secret, can she learn to love the man—as well as the dragon within? Contains mature themes.
