

1. Record Nr.	UNINA9910788099603321
Autore	Bae-Harboe Yoon-Soo Cindy
Titolo	Vascular Lesions of the Head and Neck : Diagnosis and Management // by: Persky, Mark S., Waner, Milton, Blei, Francine, Berenstein, Alejandro
Pubbl/distr/stampa	New York, New York : , : Thieme, , 2015 ©2015
ISBN	1-63853-066-1 1-62623-087-0
Descrizione fisica	1 online resource (172 p.)
Disciplina	616.8/1
Soggetti	Diagnosis, Differential Hemangiomas
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	Vascular Lesions of the Head and Neck: Diagnosis and Management; Title Page; Copyright; Dedication; Contents; Foreword; Preface; Acknowledgments; Contributors; 1 Classification of Vascular Anomalies; 2 Congenital Vascular Tumors; 3 Pathology of Congenital Vascular Lesions; 4 The Natural History, Physical Findings, and Evaluation of Hemangiomas; 5 Hemangioma Syndromes; 6 Radiologic Evaluation of Hemangiomas; 7 Medical Management of Hemangiomas; 8 Treatment of Infantile Hemangiomas; 9 Radiologic Evaluation of Vascular Malformations 10 The Role of Endovascular Surgery in the Management of Vascular Lesions of the Head and Neck 11 Treatment of Port-Wine Stains; 12 The Surgical Management of Vascular Malformations; 13 Evaluation and Treatment of Vascular Neoplasms; 14 Pathology of Acquired Vascular Neoplasms of the Head and Neck; Index
Sommario/riassunto	Vascular Lesions of the Head and Neck provides readers with an up-to-date review of the pathology, basic science, classification, radiologic features, and treatment modalities for vascular lesions of the head and neck. It covers all recent developments in medical and surgical treatment, laser technology, endovascular techniques, and appropriate radiation protocols that dramatically affect the evaluation and

management of patients with vascular lesions. This book is an excellent desk reference for all otolaryngologists, plastic surgeons, vascular interventional radiologists, pediatricians, derm
