Sommario/riassunto	How business professionals are using MOOCs to further their careers and help their companies and teams succeed Since first making headlines in 2011, hundreds of universities across the world have begun offering thousands of MOOCs, or massive open online courses, to millions of students around the world. While researchers are still looking at what this relatively new technology means for education, many business professionals are already yielding the benefits. Mastering MOOCs: Using Open Online Courses to Achieve Your Goals offers insights into how anyone can gain the greatest personal and prof
