How Will the Abuser Respond If You End the Relationship?

Sommario/riassunto

When you are showered with attention, it can feel incredibly romantic and can blind you to hints of problems ahead. But what happens when attentiveness becomes domination? In some relationships, the desire to control leads to jealousy, gaslighting, threats, micromanaging--even physical violence. If you or someone you care about are trapped in a web of coercive control, this book provides answers, hope, and a way out.
