Sommario/riassunto

Religious Minorities and Cultural Diversity in the Dutch Republic explores various aspects of the religious and cultural diversity of the early Dutch Republic and analyses how the different confessional groups established their own identity and how their members interacted with one another in a highly hybrid culture. This volume is to honour Dr. Piet Visser on the occasion of his 65th birthday. Piet Visser has become a leading scholar in the field of the Anabaptist and Mennonite History. Since January 1, 2002, he served as the chair of Anabaptist/Mennonite History and Kindred Spirits at the Doopsgezind Seminarium, VU-University, Amsterdam.
