God Bless America; 4 Sliding down the TV Food Chain: Syndicated Reality; 5 Ebb Tide; Epilogue; Appendix A; Appendix B; Appendix C; Notes; Bibliography; Index; About the Author
Sommario/riassunto	The origins of, and in many ways the prototype for, modern reality programming can be traced to Real People, a show which focused on average individuals, primarily Americans, and applauded their individuality. This book provides an examination of Real People, why it succeeded, and what implications it had for future television programming.
