Sommario/riassunto Fieldworks offers a historical account of the social, rhetorical, and material attempts to ground art and poetry in the physicality of a site. Arguing that place-oriented inquiries allowed poets and artists to develop new, experimental models of historiography and ethnography, Lytle Shaw draws out the shifting terms of this practice from World War Il to the present through a series of illuminating case studies. Beginning with the alternate national genealogies unearthed by William

Carlos Williams in Paterson and Charles Olson in Gloucester, Shaw
