Sommario/riassunto	<p>This paper discusses key findings of the Seventh Review Under the Poverty Reduction and Growth Facility (PRGF) for Dominica. Policy implementation under the program has remained strong. All end-June 2006 performance criteria were met, and all indicative targets for end-June and end-September were met with comfortable margins. Progress has been made on the structural benchmarks for the Seventh Review. Fiscal performance in FY2005/06 was commendably strong, and the FY2006/07 budget reflects a continuation of strong fiscal policies.</p>

Sommario/riassunto

This book gathers high-quality research papers presented at the 4th International Conference on Frontiers in Computing and Systems (COMSYS 2023) held at Indian Institute of Technology Mandi, Himachal Pradesh, India, during 16–17 October 2023. The book is divided into two volumes, and it covers research in “cyber-physical systems for real-life applications” pertaining to AI, machine learning and data science; devices, circuits, and systems; computational biology, biomedical informatics, and network medicine; communication networks, cloud computing, and IoT; image, video, and signal processing; and security and privacy.
