Nota di contenuto	Savant of Matamoros -- Lock of the Rhone -- Rio Panuco -- The Arms of God -- River of the Comanches -- Father of Rivers -- Waters of the High Sierra -- Rio Bravo del Norte -- River of Death -- Appendix One: Fauna and Flora Named for Jean Louis Berlandier -- Appendix Two: Chronology of the Journeys of Jean Louis Berlandier.
Sommario/riassunto	In 1826, Jean Louis Berlandier, a French naturalist, was part of a team sent to explore what is now northern Mexico and the Gulf Coast of Texas. Here, historian Russell Lawson tells the story of this multinational expedition, using Berlandier's copious records as a way of conveying his view of the natural environment.
