Sommario/riassunto	All the information currently available on the endless chain of wars stretching over two and a half centuries is traced in The A to Z of Afghan Wars, Revolutions and Insurgencies. It consists of the American involvement in Afghanistan since October 2001 as well as individual campaigns, including tactics and logistics of skirmishes, the weapons used, and biographical entries on the significant leaders involved in the battles. Extensive analysis of regional and ideological divisions within the country and the external forces that have brought around conflict in this remote, mountainous region, i
