Sommario/riassunto

Although it is well known in other fields, the concept of "resilience" has not been addressed explicitly by feminist rhetoricians. This collection develops it in readings of rhetorical situations across a range of social contexts and national cultures. Contributors demonstrate that resilience offers an important new conceptual frame for feminist rhetoric, with emphasis on agency, change, and hope in the daily lives of individuals or groups of individuals disempowered by social or material forces. Collectively, these chapters create a robust conception of resilience as a complex rhetori
