Sommario/riassunto	Ireland, north and south of the border, has witnessed volatile patterns of immigration in the past decade, and stage representations of these fluctuations have begun to emerge. In the Republic, immigration has coincided with, and it has been encouraged by the economic boom known as Celtic Tiger. In the North, the peace process and the easing off of the political tension has contributed to making the region more appealing and hospitable for newcomers. The media have played a significant role i...
