

1. Record Nr.	UNINA9910788804403321
Autore	Stark M. P (Martin P.)
Titolo	Encyclopedic learners' dictionaries : a study of their design features from the user perspective // Martin Stark
Pubbl/distr/stampa	Tubingen, Germany : , : Max Niemeyer Verlag, , 1999 ©1999
ISBN	3-11-091684-3
Edizione	[Reprint 2015]
Descrizione fisica	1 online resource (311 p.)
Collana	Lexicographica. Series Maior, , 0175-9264 ; ; 92
Classificazione	ET 580
Disciplina	423/.028
Soggetti	English language - Lexicography English language - Usage Encyclopedias and dictionaries - History and criticism English language - Evaluation English language - Study and teaching - Foreign speakers - Evaluation Lexicography
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Frontmatter -- Table of Contents -- Acknowledgements -- Abbreviations -- Table of Figures -- Introduction -- Chapter 1: Describing a New Lexicographical Hybrid: the Encyclopedic Learner's Dictionary -- Chapter 2: Assessing Encyclopedic Learners' Dictionaries from the User Perspective -- Chapter 3: Design Features of Encyclopedic Learners' Dictionaries -- Conclusion -- Bibliography -- Appendix 1: User Survey Questionnaire -- Appendix 2: Headwords in the X, Y, and Sections of LDELC and LDOCE2 -- Appendix 3: Headwords in the X, Y, and Sections of OALED and OALD4 -- Appendix 4: Headwords in the X, Y, and Sections of LDELC, LDOCE2, OALED, and OALD4 -- Appendix 5: Headwords in the X, Y, and Sections of LDELC (but not LDOCE2) and OALED (but not OALD4) -- Appendix 6: Biographical Entries in the M Sections of LDELC and OALED -- Appendix 7: Table of Cultural Notes in LDELC and Mini-notes in OALED -- Abstracts
Sommario/riassunto	This book describes and evaluates the usefulness of a recently developed lexicographical hybrid: the encyclopedic learner's dictionary

(ELD). It attempts to answer three key questions: i) What are ELDs?, ii) How useful are they?, and iii) How can they be designed to serve their users most effectively? The first chapter analyses the ELD from a typological perspective. First, the elements combined to create this new branch of lexicographical typology are examined. Next, two encyclopedic learners' dictionaries are dissected and compared: The "Longman Dictionary of English Language and Culture" and the "Oxford Advanced Learner's Encyclopedic Dictionary". Each ELD is compared with its non-encyclopedic parent dictionary, and a checklist of ELD-specific design features is drawn up. The second chapter focuses on the user perspective in lexicographical research. First, a critical survey of previous user-based studies is provided. Next, the questionnaire-based methodology used in the investigation is described. Forty informants completed the questionnaire and an attempt is made to correlate user characteristics with dictionary use and with attitudes towards the inclusion of encyclopedic information in learners' dictionaries. In the third chapter each design feature found in the ELDs is described in depth and the informants' evaluations of its usefulness are supplied. In this manner, the typological focus of the first chapter and the user perspective of the second chapter are synthesized in a user-informed analysis and evaluation of ELD components. Finally, the implications of this research for the future production of ELDs are presented as a checklist of recommendations, and suggestions for future lexicographical research are made.

Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Mammography Screening: Philosophy -- Screening Programmes for breast cancer -- Anatomy of the Breast -- Breast Density and Influencing Factors -- Aetiology and Epidemiology -- Benign Breast Change and Malignant Disease -- Signs and Symptoms of Breast Cancer and Management Pathways -- Disease Progression -- Interval Cancers -- Mammographic Density -- Caring for Patients and Staff -- Patient Story -- Psychological considerations in attending for mammography screening -- Patient and Staff Anxiety -- Transactional Analysis -- Client practitioner interaction within breast services --

Digital Health Technology -- Pain in Mammography -- Tissue Viability and Skin Tearing -- Equipment -- Mammography Equipment -- AI in Mammography -- Radiation Dose -- Image Appraisal and Quality Control -- Radiographic service quality -- Automated PGMI -- Imaging Techniques -- Recording Information -- Infection Control -- Repetitive strain injury -- Practical Mammography -- Mammography -- Compression -- Supplementary Projections -- Magnification and Compression Views -- Specimen Imaging -- Imaging the Augmented Breast -- Imaging the Male Breast -- Imaging Bariatric, post surgical and limited mobility clients -- Imaging Persons Living with Dementia -- Interventional Procedures -- Tomosynthesis -- Contrast Enhanced Investigations.

#### Sommario/riassunto

This heavily revised second edition is a practically focused textbook focusing on how to successfully utilise mammography-related techniques. It covers a wide range of topics related to holistic mammographic imaging reflecting the emerging digital and artificial imaging technology. Furthermore, new chapters provide clear practical focused guidance on how to provide psychological and emotional support to both clients and colleagues, and the support of persons with dementia. Digital Mammography: A Holistic Approach is a concise textbook covering the latest techniques that can be applied in this field. Therefore, it is of significant interest to radiographers, technicians, technologists, physicists, and nurses seeking to improve their understanding of these techniques.
