The completeness adjectives -- Chapter 6. The specificity adjectives -- Chapter 7. Such, zulk and what -- Chapter 8. Old and little: subjective compounds -- Summary Towards a reconciliation of synchrony and diachrony -- References -- Subject index
Sommario/riassunto	The book investigates pathways of (inter)subjectification followed by prenominal elements in the English Noun Phrase, by tracing the development of identifying, noun-intensifying and subjective compound uses. By means of in-depth corpus study, the assumed unidirectionality of (inter)subjectification in the NP is verified and refined.
