Know hope: Metaphor, optimal innovation and pleasure -- 8. Behavioral complexities in ironic humor -- 9. Frame-shifting and frame semantics: Joke comprehension on the space structuring model -- 10. Metaphor, humour and characterisation in the TV comedy programme Friends -- 11. The Art of Teasing A corpus study of teasing sequences in American sitcoms between 1990 and 1999 -- Index
Sommario/riassunto	To what extent can Cognitive Linguistics benefit from the systematic study of a creative phenomenon like humor? Although the authors in this volume approach this question from different perspectives, they share the profound belief that humorous data may provide a unique insight into the complex interplay of quantitative and qualitative aspects of meaning construction.
