## Sommario/riassunto

This is the most comprehensive book devoted to Sumatra in more than half a century. It summarizes earlier studies, and provides a huge amount of new knowledge for the first time in readily accessible form. Sumatra is one of the world's largest islands, rich in flora and fauna, minerals and timber, and located at the midpoint of the maritime route between China and India. These are ideal conditions for the creation of a fascinating history. Sumatra has played a major role in world trade for 2,...
