Sommario/riassunto

This thorough, impartial survey brings together some of the best experts on the Sahara question to provide a broad-based analysis of the problem, from a range of perspectives. Featuring new research, the chapters examine the roots of the conflict, its dynamics, and potential solutions. Perspectives on Western Sahara also addresses questions of law, human rights, natural resources from an analytical point of view. Contributed by scholars from North Africa, Europe, and the U.S., it is an essential contribution to the literature o
