

1. Record Nr.	UNINA9910789236803321
Titolo	Alternatives for managing the nation's complex contaminated groundwater sites / / Committee on Future Options for Management in the Nation's Subsurface Remediation Effort, Water Science and Technology Board, Division on Earth and Life Studies, National Research Council of the National Academies
Pubbl/distr/stampa	Washington, District of Columbia : , : National Academies Press, , [2013] ©2013
ISBN	0-309-27813-9 0-309-27811-2
Descrizione fisica	1 online resource (421 p.)
Disciplina	363.7394
Soggetti	Groundwater - Purification - Management Soil remediation - Management Groundwater - Effect of human beings on
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Magnitude of the problem -- Remedial objectives, remedy selection, and site closure -- Current capabilities to remove or contain contamination -- Implications of contamination remaining in place -- Technology development to support long-term management of complex sites -- Better decision making during the long-term management of complex groundwater contamination sites.
