| Sommario/riassunto | This book is a result of public dialogue forums in pursuit of accountable and transparent governance in Kenya organized by Twaweza Communications with the support of Ford Foundation. From the convenings it was evident that the stability of Kenya will be driven by the extent to which citizens feel fully included in the development agenda. Quite often, political leaders view the role of citizens in governance as restricted primarily to their participation in the electoral process. This narrow view has led to arrogance and total disregard of citizens after poll results are announced. Under the ne |
