Nota di contenuto	pt. 1. The unity of the person -- pt. 2. The problems of autonomy -- pt. 3. The ethics of influencing -- pt. 4. Persons and society.
Sommario/riassunto	This book questions whether 'autonomy' is a pivotal psychotherapeutic value. Basing his discussion upon the key Kleinian concept of 'projective identification', the author argues that 'integration' should be the aim of psychoanalysis, and - furthermore - that actions can be judged ethical or unethical according to whether they foster or hinder integration.
