Sommario/riassunto	Regional Powers and Regional Orders presents a re-examination and re-conceptualization of the concept of 'region' and its function within power and order systems. Utilising a comparative and case study approach, the volume examines 'new' regional powers such as Brazil, China, India, Russia and South Africa. These territories as regional powers are novel phenomenon in the field of international politics and even more so in the field of international relations. The book focuses on the emerging role of these new regional powers within their respective region, and asks how other
