

1. Record Nr.	UNINA9910789542203321
Titolo	Clinical dentistry [[electronic resource] /] / Scardina Giuseppe Alessandro, editor
Pubbl/distr/stampa	Hauppauge, NY, : Nova Science Publisher's, c2011
ISBN	1-61122-710-0
Descrizione fisica	1 online resource (290 p.)
Collana	Dental science, materials and technology
Altri autori (Persone)	AlessandroScardina Giuseppe
Disciplina	617.6
Soggetti	Dentistry Oral medicine
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Clinical decision making in the evidence-based practice era / Yehuda Zadik and Liran Levin -- An overview of H5N1 infection and its implications for dentistry / C. J. Seneviratne and L. P. Samaranayake -- Clinical evaluations of two self-etch and one-total etch adhesives in carious cervical lesion : two-year results / Ali I. Abdalla, Emad Khattab, and Nabawy El Robeigy -- The site-specific nature of the volumetric features and enzymatic profile of gingival crevicular fluid (GCF) : analysis of myeloperoxidase (MPO) activity at distinct sampling sites / Hasan Hatipoglu ... [et al.] -- Epidemiology of maxillofacial trauma and associated factors in patients aged 1-18 years / Alessandro Leite Cavalcanti ... [et al.] -- Indirect composite restorations in the posterior region : case reports / Giuseppe Lo Giudice -- Clinical success rate of fissure sealings with resin modified glass-ionomer cement or BIS-GMA after three years / Stefan Zimmer ... [et al.] -- Evaluation of the fluorescence of clinically simulated all-ceramic materials / Jin-Soo Ahn and Yong-Keun Lee -- Micro-mechanical interlocking and chemical bonding of self-etching adhesives at the resin-tooth hard tissue interfaces / Baiping Fu, Ling Bi, and Matthias Hannig -- Apical status of endodontically treated teeth in a German population as radiographed between 1989-91 and 1999-2001 / Claudia Barthel ... [et al.] -- Prevalence of self-reported xerostomia in 50- and 60-year-old subjects / Ann-Katrin Johansson ... [et al.] -- Craniofacial anthropometry : the past or the future in evaluation of the

craniofacial phenotype / Erika Nagle ... [et al.] -- Endodontic treatment of a fused maxillary lateral incisor and a supernumerary tooth : a case report / Rodrigo Sanches Cunha ... [et al.] -- Effect of three different sealers on the sealing ability of two obturation techniques / Mina Zarei and Shariar Shahriari -- Role of soluble CD14 levels in gingival crevicular fluid in periodontal health and disease / A. R. Pradeep ... [et al.] -- Oral cavity overinfection during-non surgical cancer therapies review of the literature / Daniela Alterio ... [et al.] -- Anterior esthetic restorations : the importance of teamwork for a successful outcome / Serge Dibart and Andre Hashem -- Four-year clinical evaluation of a self-etch adhesive in class V carious lesions / Ali I. Abdalla -- Numb chin syndrome : a symptom of malignancy progression : numb chin and carcinomatous meningitis / Silvia Chiandussi ... [et al.] -- Esthetic management of gingival fenestration using plastic surgical procedure / A. R. Pradeep, Swati Pradeep Patel and Shikha Chowdhry -- Knowledge and practical attitudes towards gloves use in dental practice / Fethi Maatouk and Afef Zribi -- The growing need for further collaboration between dentistry and medicine : interdisciplinary management for immunocompromised patients / Nermin Yamalik and Tolga F. Tozum.
