Sommario/riassunto	Women in Executive Power studies the participation of women in the political executive around the world-notably in cabinet positions as ministers and sub-ministers and as heads of government and state. Providing multiple case studies in each chapter, the book provides regional overviews of nine different world regions covering those with the fewest to the most women in executive power. Evaluating the role

of socio-cultural, economic and political variables of women's access to cabinet positions and positions of head of state and government, the book shows that women are incr
