Sommario/riassunto	Stakeholder value, corporate social responsibility and sustainability: Are these, and similar, concepts sufficiently clear for fruitful research in business ethics? What is the benchmark to prove their utility? Business Ethics and the Austrian Tradition in Economics is a treatise on the fundamental questions of business ethics and addresses significant shortcomings in the field. It is the result of correlating reflections on phenomena, resulting from an intersection of ethics, economics, methodology, and political and social philosophy. Sparked by the business ethicists' tendency t
