Crosbie -- The complexity of Brian Mulroney : a reflection / Bob Rae -- Prime minister Brian Mulroney in perspective / L. Ian MacDonald.

Sommario/riassunto

In *Transforming the Nation*, leading Canadian politicians and scholars reflect on the major policy debates of the period and offer new and surprising interpretations of Brian Mulroney. Mulroney had a tremendous impact on Canada, charting a new direction for the country through his decisions on a variety of public-policy issues - free trade with the United States, social-security reform, foreign policy, and Canada's North. The Mulroney government represented a dramatic break with Canada's past.
