Sommario/riassunto

The chapters of this book are all written by experienced psychoanalytically oriented psychotherapists and address different aspects of the psychotherapeutic treatment with psychotic children or adolescents. This volume collects the main contributions to the fourth conference of the child and adolescent section of the EFPP, held in Caen (France) in September 2001, on the general topic of "Psychotic Children and Adolescents and their Families".Contributors:Anne Alvarez; Britta Blomberg; Raymond Cahn; Genevieve Haag; Didier Houzel; Suzanne Maiello; Julia Pestalozzi; and Maria Rhode.
