[et al.] -- The culture of caring and its destruction in the Middle East : women's work, water, war, and archaeology / Maggie Ronayne -- Ethics, objectivity, and emancipatory archaeology / Dean J. Saitta.

Sommario/riassunto

The editors and contributors to this volume focus on the inherent political nature of archaeology and its impact on the practice of the discipline. Pointing to the discipline's history of advancing imperialist, colonialist, and racist objectives, they insist that archaeology must rethink its muted professional stance and become more overtly active agents of change. The discipline is not about an abstract "archaeological record" but about living individuals and communities, whose lives and heritage suffer from the abuse of power relationships with states and their agents. Only by recognizi
