## Sommario/riassunto

Every day and everywhere, China figures prominently in global attention: companies and banks weigh billions in investments; hedge fund managers assess and speculate on downside risks; commodity traders and natural resource producers salivate over China's energy appetite; intelligence agencies carefully track China's growing global footprint; militaries monitor China's growing military capabilities; diplomats grapple with a new assertiveness in China's diplomatic posture; scholars try to understand the shifting dynamics and sources of China's behaviour; while journalists track the latest cha
