Sommario/riassunto	This book takes a comparative approach to local government across 14 European countries, looking at processes of decentralisation, regionalisation and reforms of local government.Examining second levels of government, such as UK Counties, French Departements, Italian and Spanish Provinces, and German Landkreise, this book

reveals both the specific characteristics of particular countries, and also similarities across Europe. As the first book focussing on the second level of local governments, this monograph combines comparative analysis of institutional trends and reforms of I
