Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Acknowledgments -- Introduction -- Theory and method -- Assaultive violence -- Sexual violence -- Nonviolence -- Conclusion -- References -- Index.
Sommario/riassunto	Gender, Heterosexuality, and Youth Violence explores why some boys and girls engage in assaultive or sexual violence while others do not. Acclaimed criminologist James W. Messerschmidt shares six compelling life histories of boys and girls to address the relationship among gender, heterosexuality, violence, and non-violence.
