Sommario/riassunto

Leading on Inclusion: Dilemmas, debates and new perspectives critically examines the current theory and legislative context of special educational needs and disability, and explores the enduring issues and opportunities that will affect future practice in all schools. The central theme throughout the book asks the inevitable question 'What happens next?' and the expert team of contributors, drawn from a pool of teachers, academics and researchers, consider wide-ranging issues such as: the voice of young people whole school development and pl
