Compelling action - the case for legislation; 14. Moving from rhetoric to reality; Index
Sommario/riassunto	Sustainable development is now widely accepted as a political objective in the UK and elsewhere but to what extent has the UK's rhetoric on

sustainable development become a reality? The aim of this book is to critically examine the UK's approach to promoting and delivering sustainable development. It begins by providing a detailed account of UK law on sustainable development by reviewing the various policy, institutional and legal mechanisms used by the UK since the 1980s and by devolved administrations since devolution took effect in 1999. Progress has been slow, too slow and, according to
