	Sommario/riassunto	How do we interrupt the current paradigms of sexism in the academy? How do we construct a new and inclusive gender paradigm that resists the dominant values of the patriarchy? And why are these agendas important not just for women, but for higher education as a whole?

These are the questions that these extensive and rich analyses of the historical and contemporary roles of women in higher education- as administrators, faculty, students, and student affairs professionals- seek constructively to answer. In doing so they address the intersection of gender and women's other social identities, such
