Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Introduction: Institutionalization and the crisis of representation -- From cultural politics to cultural capital -- Contradictions in the emergence of ethnic studies -- Disciplinarity and the political identity of Asian American studies -- The political economy of minority literature -- Asian American cultural capital and the crisis of legitimization.
Sommario/riassunto	Originating in the 1968 student-led strike at San Francisco State University, Asian American Studies was founded as a result of student and community protests that sought to make education more accessible and relevant. While members of the Asian American communities initially served on the departmental advisory boards, planning and developing areas of the curriculum, university pressures eventually dictated their expulsion. At that moment in history, the intellectual work of the field was split off from its relation to the community at large, giving rise to the entire problematic of representa
