Nota di contenuto	pt. 1. The nature of organizational evil -- pt. 2. Understanding organization evil -- pt. 3. Faces of organization evil.
Sommario/riassunto	Numerous reprehensible corporate, governmental, and nonprofit activities over recent years have highlighted the existence of organizational evil. Unlike other works on the topic, this book fully develops the concept of organizational evil, conceptually weaving the interchange between evil individuals (microlevel) who ultimately create the organizational environment that is evil, and the macrolevel elements of policy, culture, and manipulations of the social environment.
