Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	pt. 1. Philosophy and religion in public policy -- pt. 2. Experimentalism, problem construction, and priorities -- pt. 3. New technologies and experiments in judging.
Sommario/riassunto	In <i>Morality, Leadership, and Public Policy</i> , Eric Weber argues for an experimentalist approach to moral theory in addressing practical problems in public policy. The experimentalist approach begins moral inquiry by examining public problems and then makes use of the tools of philosophy and intelligent inquiry to alleviate them. Part I surveys the uses of practical philosophy and answers criticisms including religious challenges of the approach, presenting a number of areas in which philosophers intellectual efforts can prove valuable for resolving public conflicts. Part II presents a new apprao
