

1. Record Nr.	UNINA9910790070403321
Autore	Oleskin A. V (Aleksandr Vladimirovich)
Titolo	Symbiotic biofilms and brain neurochemistry [[electronic resource] /] / Alexander V. Oleskin, Vladimir A. Shishov and Kristina D. Malikina
Pubbl/distr/stampa	Hauppauge, N.Y., : Nova Biomedical Books, c2010
ISBN	1-61761-405-X
Descrizione fisica	1 online resource (67 p.)
Collana	Neuroscience research progress
Altri autori (Persone)	ShishovVladimir I MalikinaKristina
Disciplina	579/.17
Soggetti	Biofilms Neurochemistry Gastrointestinal system - Microbiology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [41]-49) and index.
Nota di contenuto	Basic properties of microbial biofilms -- Quorum sensing and microbial biofilms -- Symbiotic microflora and its biofilms -- Influence of neurotransmitters on GI microflora and its biofilms -- Neurotransmitter biosynthesis and release by microorganisms : implications for symbiotic biofilms.
