Nota di contenuto	Foreword; Preface; 1 Teaching Music from a Multicultural Perspective; 2 Music of East Asia; 3 Music of Southeast Asia; 4 Music of South Asia: India; 5 Music of the Middle East; Glossary; Contributors
Sommario/riassunto	With Multicultural Perspectives in Music Education, you can explore musics from around the world with your students in a meaningful way. Broadly based and practically oriented, the book will help you develop curriculum for an increasingly multicultural society. Ready-to-use lesson plans make it easy to bring many different but equally logical musical systems into your classroom. The authors-a variety of music educators and ethnomusicologists-provide plans and resources to broaden your students' perspectives on music as an important aspect of culture both within the United States and globally.
