Sommario/riassunto

Islamic anthropology is relatively seldom treated as a particular concern even though much of the contemporary debate on the modernisation of Islam, its acceptance of human rights and democracy, makes implicit assumptions about the way Muslims conceive of the human being. This book explores how the spread of evolutionary theory has affected the beliefs of contemporary Muslims regarding human identity, capacity and destiny. In his systematic treatment of the impact of evolutionary ideas on modern Islam, Damian Howard surveys several branches of Muslim thought. Muslim responses to the
