Note generali	Includes index.
Nota di bibliografia	Includes bibliographical references (p. 223) and index.
Nota di contenuto	pt. 1. Technical fashion drawing -- pt. 2. Visual directory of styles and details.
Sommario/riassunto	Flats: Technical Drawing for Fashion explains how to create a technical fashion drawing using a simple and straightforward step-by-step method, explained for those who wish to use Adobe Illustrator as well as for those who prefer to draw by hand. The second part of the book presents over 600 technical drawings of garment types, styles, and construction details, the basic key shapes of which are shown alongside a specially created and photographed muslin. Accompanying each illustration is a list of all the terms by which that garment is known.
