### Sommario/riassunto

A practical comparison of-and expert guidance on-IFRS and GAAP written by a practicing controller International Financial Reporting Standards (IFRS) are used in over 120 countries. US companies will inevitably encounter IFRS when evaluating the financial health of suppliers and customers. IFRS and US GAAP: A Comprehensive Comparison provides instruction in accounting under IFRS within the context of US accounting standards. Practical and easy-to-use, this book includes a case study of a first time IFRS adoption, emphasizing the much greater degree of professional judgment that
