Sommario/riassunto	In 1890 Abraham Lincoln's two main White House secretaries, John G. Nicolay and John Hay, published the ten-volume biography Abraham Lincoln: A History. Although the authors witnessed the daily events occurring within the executive mansion and the national Capitol, their lengthy biography is more a recounting of the Civil War era than a study of Lincoln's life. Editor Michael Burlingame sifted through the original forty-seven-hundred-page work and selected only the personal observations of the secretaries during the Lincoln presidency,
