Nota di contenuto	Structuralism: Second Edition; Contents; Introduction 2003: Are you History?; Introduction to the Second Edition; Language; Social Sciences; Semiotics; Literature; Post-Structuralism; Conclusion; Further Reading; Notes; Index
Sommario/riassunto	John Sturrock's classic explication of Structuralism represents the most succinct and balanced survey available of a major critical movement associated with the thought of such key figures as Levi-Strauss, Foucault, Barthes, Lacan and Althusser theory. A classic work in literary and cultural theory. Reissued to coincide with calls for a return to structuralism. Includes a new introduction by Jean-Michel Rabate, which explores developments in the reception of structuralist theory in the past five to ten years.
