Sommario/riassunto	This critical Arabic text edition of K. al-Bay wa-l-sawd min khai ikam al-ibd f nat al-murd wa-l-murd ('The Black and White in the Words of Wisdom by Bondsmen Describing the Seeker and the Mystic Quest'), a substantial handbook of early Sufism by Ab l-asan Al born al-asan al-Srjn (d. circa 470/1077), is based on three manuscripts and is introduced by a detailed analytical study of the author and his work. The work is written in the tone of a guiding Sufi master and collects the mystical tradition of early Sufis in the form of anecdotes and concise aphorisms to instill guiding wisdom into the hearts of aspiring Sufi adepts. K. al-Bay wa-l-sawd forms an

integral part of Sufi literature and is an essential source for the intellectual history of Islam until the middle of the 5th/11th century.
