Lovin, "Consensus and commitment : real people, religious reasons, and public discourse" and responses -- pt. 4. Jean Porter, "Moral traditions" and responses.
Sommario/riassunto	This volume brings together eminent theologians, philosophers and political theorists to discuss such questions as how religious understandings have shaped the moral landscape of contemporary culture; the possible contributions of theology and theologically informed moral argument to contemporary public life; the problem of religious and moral discourse in a pluralistic society; and the proper relationship between religion and culture.
