Sommario/riassunto

This Education brief is intended for non-Russian researchers willing to get familiar with Russian education system and more generally for all those involved in education and education policy. It does not represent exhaustive information on Russian education system and all problems and challenges existing there, but provide a snapshot briefly describing its main features. Education brief - 2012 retains its main special feature which is the combination of statistical data and qualitative information to describe the organization and functioning of education system in the Russian Federation.
