Conclusion: the interdependent change of economy, solidarity, politics and justiceReferences; Index
Sommario/riassunto	This book examines the increasingly international division of labour, which promotes transnational integration. It analyses the change in worker solidarity as it moves from collective national welfare to a transnational inclusion of workers from various links in the production chain.Examining three types of welfare regimes within the USA, Germany, Denmark and Sweden, the author addresses how and why

globalization is furthering the change from the welfare state to the competition state. The book considers in particular the change to solidarity taking place because of the intern
