Sommario/riassunto

There is an increasing emphasis on post-qualifying training for social workers, especially in the complex and demanding area of working with children and families. This essential textbook is especially designed for practitioners studying at this level. Accessible and thorough, the text focuses on a mixture of conceptual and organisational topics, skills, law, policy and key practice issues. It includes chapters on: Social work values and ethics Risk, uncertainty and accountability Direct work with children and young people Promoting
