imagined communities and new media technologies in the case of madeleine mccann / Nicola Rehling -- Swarm intelligence : blogging and on-line subjectivities / Holger Briel -- Epilogue: pluralities to come -- Ruth parkin-gounelas -- Contributors -- References -- Index.

What are the psychological factors in operation when we form groups or crowds, and how are these affected by socio-historical circumstances? History offers endless examples of different forms of human collectivity, both private and public, small-scale and large: from the primal horde to the modern nuclear family, from the Athenian polis to virtual internet communities. Within the context of shifting social bonds in global culture, this book brings together debates on the left from political philosophy, psychoanalysis, social psychology and media and cultural studies to explore the logic of
